

Employee Self-Help Guide to Entering Your Time into VTHR - Page 1

LOG ON

1. Go to DHR Website: http://humanresources.vermont.gov/vthr/resource_center
2. Log on to VTHR: click Login Here
3. Enter your employee ID and Password; then click "Sign In"

VERIFY

4. Verify that you are on the correct pay period by checking the **pay period end date** and validate that your **workgroup** is correct.

ENTER

5. Employees should report all regularly scheduled hours each day using the correct **TRCs (Time Reporting Codes)**. For example: an employee could enter 8 hours each day for a total of 40 hours for the week on the first line (if that were their regular schedule).
6. Additional lines should be used to report OT (hours worked over schedule), sick leave, personal leave, annual leave, holiday, etc. Utilize one line for each different TRC, and/or task profile/combo code used. See the back of this card for additional examples.
7. At a minimum, enter time for each week before the end of your last shift. You may enter time every day as well as make changes anytime during the pay period. Use the comment field to explain changes.

Questions about which task profiles or combo codes to use should be directed to your supervisor or business office.

SUBMIT

8. When time entry is completed: > Select **"Submit"** > then "OK". Verify that regular scheduled hours for this pay period show in **"Total Hours"**. Click Sign out on upper right hand side of page.

[NOTE: Each time you sign-out, a reminder message says "save reminder -you have unsaved data" - if you know you saved, go ahead and exit, if not, go back and save.]
